MAKE EVERY STUDENT
CONFIDENT TO SUCCEED
IN LIFE WITH OUR

STUDENT DEVELOPMENT SYSTEM

Ensures 5 Key Skills in every Student to make them Successful in Life

While most regular schools focus primarily on Conceptual Understanding, LEAD School System focuses on the development of 5 Key Skills required for students to succeed in life.

KEY SKILL #1 : CONCEPTUAL CLARITY

**In Every
Subject**

**Through Multimodal
Learning**

**With 5C
Approach**

KEY SKILL #1 : **CONCEPTUAL CLARITY** in Every Subject

	ENGLISH	ELGA - English Language & General Awareness Level-based program where students are taught as per their current skills for accelerated learning.		Scan to know more
	MATHS	Concrete Pictorial Abstract approach makes Math problems relatable for students.		Scan to know more
	EVS & SCIENCE	Learning By Doing approach develops a strong foundation to apply knowledge in real life.		Scan to know more
	SOCIAL SCIENCES	Visualize-Locate-Connect approach helps connect to current events via videos, projects, visits, etc.		Scan to know more
	CCS-CODING & COMPUTATIONAL SKILLS	Use-Think-Build approach makes students future-ready and creative problem solvers.		Scan to know more
	SAMPOORNA HINDI	General Awareness and Values with the component approach is used to teach Hindi		Scan to know more
	PRE-PRIMARY DESIGN	The integrated theme-based approach develops cognitive, motor, socio-emotional-skills for school readiness		Scan to know more

KEY SKILL #1 : **CONCEPTUAL UNDERSTANDING** **Through Multimodal Learning**

**SMART
CLASSROOMS
FOR AUDIO VIDEO
BASED
LEARNING**

**SCHOOL
ACTIVITY KIT
FOR ACTIVITY
BASED
LEARNING**

**BOOKS
ENABLED
WITH
DIGITAL
VISUALIZATION**

KEY SKILL #1 :

CONCEPTUAL UNDERSTANDING

With 5C Approach

CONNECTED TO PRIOR LEARNING

Students build on what they have already covered in the class to learn and understand new concepts.

CONNECTED TO LIFE

The curriculum helps students in discovering the connections between what is being learned and real life.

CONTEXTUAL

The curriculum allows students to construct meaning based on their surroundings and setting.

CONCENTRIC

Responsibility for learning is gradually shifted from teachers to students in each class.

CATERS TO ALL LEARNERS

The curriculum keeps in mind and works with the needs and pace of different students.

KEY SKILL #2 : THINKING SKILLS

Built across every Subject & Module

IMAGINATION

**PROMOTE
CREATIVE
THINKING**

ANALYSIS

**BUILD ANALYTICAL
THINKING TO SOLVE
PROBLEMS**

REFLECTION

**GUIDED
REFLECTION
QUESTIONS**

KEY SKILL #3 : COMMUNICATION SKILLS

Built Through The Year

ELGA
**English Language and
General Awareness**

ELGA Focuses on
Speaking Expression and
Listening Comprehension

**Communication
skill-building activities:
Embedded in every subject**

Activities that enhance
communication skills are
embedded in every subject
across every lesson

**Student-Led Conference
Where Students Become
Teachers**

Students become teachers
for the day and explain a
concept or give a short
demonstration on a topic of
their choice. This develops
their confidence and public
speaking skills.

KEY SKILL #4 : COLLABORATION SKILLS

A Key Part Of Our System

GROUP PRACTICE (GP)

Group Projects have peer learning built in

TEACHER LED (TL)

Lesson plans have Group Practice built in every day

INDEPENDENT PRACTICE (IP)

Regular Group activities build skills of working with each other

KEY SKILL #5 : EXPOSURE **Through the LEAD Network**

#1. INDIA'S BIGGEST STUDENT CHAMPIONSHIP

National Platform for
students to showcase
their talent

India's Biggest National Championship that has English, Math, Science & Coding championships where students from schools all over India compete

#3. SUPER 100

Exclusive Coaching Program
for Talented Students To Top
Board Exams

Students are selected through an entrance test to prepare them for Merit scholarships in Board exams

#2. CELEBRITY MASTERCLASS

R MADHAVAN
Personality
Development

CHETAN BHAGAT
Communication

LEANDER PAES
Leadership and
Collaboration

Successful celebrities teach life skills that students need to be successful in life. This not only builds character and personality today but also helps them build confidence for a better future

TESTIMONIALS SCHOOL OWNERS & PRINCIPALS

“

All parents dream of sending their kids to a good institution for quality education. So I researched and interacted with many education technology companies. The LEAD system provides concept-based learning which is better than any other system. Hence, we selected LEAD. And now I am seeing improvement faster than I had expected.

Mohammed Fazil,
Chairman, Meridian Public School,
Kerala

”

“

ELGA is one of the best things LEAD has implemented in our school. Not just communication but all-round activities have improved. Because of read-to-use materials provided by LEAD, teacher's workload has reduced. I am able to monitor student and teacher performance. The parents are happy and the admission rate has also increased. We must choose LEAD with the faith that they can help in holistic development of the school system.

S T Nirmala
Principal, Little Flower Matric Hr Sec School,
Tamil Nadu

”

5

TESTIMONIALS TEACHERS & PARENTS

“

Pre-primary builds the foundation of child's future. So, with LEAD, we follow theme-based method of learning. The simple joyful way of learning keeps the children interested and parents also feel very happy. The LEAD Teacher App helps me prepare for the lesson plans. I feel proud to be part of this teaching method provided by LEAD.

Lakshmi,

Teacher, St. Anthony's High School,
Hyderabad

”

“

My son's name is Dheeraj. Ever since we moved him to LEAD-powered school, he has shown a lot of improvement. He has become more creative and has written stories and rhymes. He amazes me everyday with the knowledge he has acquired at such a young age. With online and at-home learning resources, his skills and talents have also improved.

Rajalakshmi,

Parent, Chirec Public School, Madhugiri,
Karnataka

”

5

TESTIMONIALS TEACHERS & PARENTS

“

Because of the modern means of education, children find the digital learning environment very exciting and interesting. Even the parents are happy because they have more visibility on their child's progress.

Shwetangana Santram,
Principal, Wilsonia Scholar's Home,
Moradabad

”

“

The smart classrooms have made my School future-ready. The students are highly engaged and even the Teachers can easily use Tablets and modern infrastructure. I hope other schools can also adapt to this (LEAD system) so that no child is left behind.

Sanjay Jadhav,
Academic Heights Public School,
Karad (Maharashtra)
